33259

Who is your current provider for Home to School Transport Software?
What is your current contract end date for Home to School Transport Software?
What is your annual spend on Home to School Transport Software?

In line with advice from the National Cyber Security Centre, we do not provide information relating to hardware, software and systems and therefore, unfortunately, it is not possible to provide you with the information you have requested for the questions above.

By placing information about our systems into the public domain we would potentially be putting our IT framework at risk. This would prejudice substantially the Council's ability to effectively carry out its business if its IT framework were compromised as a consequence of the disclosure of this information.

Please can you provide a list, preferably in MS Excel, of any outsourced home to school transport including the company name, phone number and annual expenditure by the council on a company by company basis?

Please refer to the following attached spreadsheet: 33259 Q4 Response

Please note that where an individual or sole trader is named in the document, this has been replaced with 'XXXX'. Company telephone numbers can be sourced from an online search.

Can you confirm the contact details for the responsible officer at the council for Home to School Transport?

Frank Henderson – frank.henderson@edinburgh.gov.uk
