Do you have a cloud strategy? (Please provide a link to the strategy)

No

What percentage of your applications and/or workloads is on premise?

What percentage of your applications and/or workloads is in the public cloud?

What percentage of your data is on premise?

What percentage of your data is in the public cloud?

What percentage of your infrastructure is legacy?

Do you have third-party services or solutions on premise that are not cloud-ready or fit for cloud migration?

What workloads or functions have you moved to the cloud? (Multiple answers. Please specify other if not listed)

What challenges did you face when moving to the public cloud? (Multiple answers. Please specify other if not listed)

What percentage of your infrastructure do you plan to be public cloud based in 12 months' time?

What percentage of your infrastructure do you plan to be public cloud based in three years' time?

Information for the above will not be provided.

In line with advice from GovCerUK, we do not provide information relating to hardware, software and systems and therefore, unfortunately, it is not possible to provide you with the information you have requested on this occasion.

By placing information about our systems into the public domain we would potentially be putting our IT framework at risk. This would prejudice substantially the Council's ability to effectively carry out its business if its IT framework were compromised as a consequence of the disclosure of this information.

How much has your organisation spent on public cloud since the Government's G-Cloud or 'cloud-first' policy was introduced in 2012?

How much has your organisation spent on on-premise infrastructure since the Government's G-Cloud or 'cloud-first' policy was introduced in 2012?

How much was spent on public cloud data egress charges in FY 20-21?

We do not hold this information.
