Subject: RE: Ravelston Park Common Good Consultation

[REDACTED]

After a bit of humming and hawing it looks like we are going to proceed with the consultation. Do you have an hour available any time on Wednesday or Thursday before 12 to discuss?

Many thanks
Brian

Subject: Ravelston Park Common Good Consultation

Hi Brian

Further to our discussion yesterday, I've attached a short comms action plan with recommended actions to promote the change of use consultation. I've spoken to my colleagues in design and unfortunately they don't have the capacity to take on any design work at short notice but we can provide a basis poster template that could be used to promote the consultation locally.

I've suggested that you (or possibly Blackhall Community Trust) go along to Blackhall Library and set up a stand where people can find out more/fill in the questionnaire – there are also a number of end of term events at Blackhall Primary and it might be worth speaking to the Head Teacher about putting up posts/setting up a postbox to collect responses then.

I'm not sure if there is a requirement for you to distribute a flyer to people living in the area but if so I'm sure we have a template that could be used and we have contacts for a distribution company that will do a door to door distribution if you provide them with a map of the area you want covered. [REDACTED]

If you want to catch up to discuss in more detail I'm happy to do so.

Thanks
