

35158 Flooding Issue at Peatville Terrace

In relation to the Flood Prevention team and the Planning service, please provide all correspondence ever shared, both internally and with third parties, in relation to the flooding issue at Peatville Terrace, except that correspondence that has already been shared with residents.

To include information on the decision to proceed with building Redhall School on a floodplain in 2009, despite recommendation against it from SEPA.

In relation to correspondence held by the Flood Prevention team, there is a fee chargeable to locate, retrieve and prepare this.

The Flood Prevention Team have confirmed that there is no correspondence either to or from them in relation to Planning Application 06/03749/CEC, for Redhall Primary School. The letter from SEPA on 23/11/2006, listed below, removed their objection in relation to this planning application.

In terms of recorded information held by the Planning department, please refer to the following attached documents:

35158 Decision Notice

35158 Report to DM Sub Committee

35158 SEPA Letter 30 October 2006

35158 SEPA Letter 23 November 2006

There is no other correspondence held by the Planning service in relation to this.
