

35240 Barnton Gardens

This concerns the road gully in southbound lane of Barnton Gardens within the former bus stop, adjacent to the property at no. 2 Barnton Avenue. The gully is 5-10 metres from Barnton Avenue itself.

I wish to know how many times and when in the past 12 years (from 1 Jan 2010 to date) this gully has been:

- Reported (and the method of such reporting i.e. proactively by routine or ad-hoc council inspections, by resident etc)
- Examined
- Attended to, with work taking place on it

The council does not employ a routine inspection of gullies by inspector. They are maintained on a two-yearly maintenance cycle, supplemented by ad hoc customer reports.

**For Cyclic Maintenance, the gully has been attended as follows:**

Attendance:	Outcome:
21/09/2021	No Access due to roadworks
23/09/2020	Cleaned and Working
22/08/2019	Cleaned and Working
05/10/2018	Cleaned and Working
05/10/2015	Cleaned and Working
01/09/2014	Cleaned and Working
12/07/2014	Cleaned and Working

**In Relation to Customer Reports:**

Reported by member of public enquiry 865685, 27/07/2019, job 10243868 cleaned on 22/08/2019.

Reported by member of public enquiry 1023736, 17/08/2020 job 10299289 cleaned on 23/09/2020.

Reported by member of public enquiry 1049954, 05/10/2020 job 10311254 complete on 19/10/2020

Reported by member of public 06/10/2021, works outstanding

We are unable to provide the information requested prior to 2014 as it is not held by the Council. Our systems were digitised in 2014 and we hold no data prior to digitisation.
