

35307

With reference to the application for planning permission in principle for residential development, ancillary retail use, active travel route, open space, landscaping, access, services and all associated infrastructure on land 269 metres northeast of 210 Craigs Road, Edinburgh (your reference 21/04210/PPP).

Request for all correspondence (including emails, and notes of telephone calls) to and from the Council's (i) David Givan, (ii) Iain McFarlane, (iii) Elaine Campbell and (iv) Sonia Macdonald, in relation to this application.

Unfortunately, we are only able to provide part of the information and this is attached.

Planning application 21/04210/PPP, to which this FOI refers, is a live application and is still being considered. Consequently, information we hold relating to the decision process, and which is not published on the planning portal, cannot be released as it is not a public document. Should information on concerns raised during the application process be released into the public domain, this could potentially prejudice the outcome of the application.

Disclosure of the information you seek prior to the completion of the planning application process would prejudice substantially the confidentiality of the planning proceedings and the way in which the Council deals with planning applications.
