Please list the start and end date of their contracts.

Contracts are spot-purchased on an individual basis with varying start and end dates.

Please tell me how many staff each provider employs to provide this service? (If the exact number is not known, please give an approximate number)

The staffing situation for providers delivering care in the home is currently, and has been, in crisis for a number of months which means that staffing numbers are fluctuating on a regular basis. It is therefore not possible to provide an accurate figure on this.

Please can you also indicate the nature of each contract? (i.e. whether they are spot contracts or guaranteed a certain number of hours)

These contracts are spot-purchased.

If the providers are paid for guaranteed hours, please indicate how many each contractor is allocated.

Not applicable.

Do you have any in-house provision of homecare services? If so, how many hours in total allocated?

Our internal homecare service provided 7,164 hours of care in the week ending 30 January 2022, of which 1,960 hours was through our reablement service.
