Request for the total number of children in the authority area who are home-schooled and the number who have flexi-schooling arrangements.

I would like this data for the past 5 school years (up to and including the 2021-22 academic year), separated by year. Please also differentiate between the numbers of primary and secondary school pupils.

This table shows how many children/young people joined the register in each academic year.

	2021 - 2022	2020 - 2021	2019 - 2020	2018 - 2019	2017-2018
