<b>Desc.:</b> Where has the flytipping occurred: On the street, park or beach. What rubbish has been dumped: Household Waste. How much rubbish has been dumped: Three bed bases and wooden unit		
<b>Location:</b> Three bed bases and wooden unit which was dumped after 10pm . This is an ongoing problem in Newton Street. People seem to think that it is their right to dump unwanted furniture fridges etc etc. Shops dump their waste here too. Of course if the communal refuse bins were in their proper place in line with the kerb this would at least limit the space for fly tipping !	<b>Contact:</b>

I live in Newton Street in Gorgie and I strive to recycle and reduce my waste as much as possible. I have two complaints: we have no glass recycling bin available and the recycling bins that are there are always full, so people have to leave their recycling by the side of the road and then it gets dragged around the street and won't be recycled. The bins need to be emptied more often.  
  
My other complaint is related to the recent spout of cold weather. This morning as I left the house the whole street was covered in ice. I slipped [REDACTED] ounge

Why is it seemed acceptable and even allowed for your team's to be out cleaning and pressure jetting drains in Gorgie after midnight? Managed to wake up an entire neighborhood.

Who thought this was a good idea? Who was responsible for authorising this utterly shambolic idea?

I will be reporting your team to the police as this is an unsuitable level of noise and vibration at this time of night

I am extremely disappointed and angry to be disturbed by this.

Why can this not be done during the day, or at least at a sensible time. From: [REDACTED]

Sent: 30 July 2018 18:02

To: Customer Care

Subject: Re: CRM180728-000006

Hi Gayle,

From [REDACTED] Newton Street, but the drain works were audible (and the vibrations were felt) from Mcleod street along to white park from around midnight to 1:15am

Took about an hour to complete the works on this stretch, but we're still audible within the next hour or so.

I wouldn't normally complain, but the noise, vibration and sudden awakening caused [REDACTED] - [REDACTED]

While I understand the work needed to be done before any substantial rain, I believe the decision to allow this to happen at such an antisocial hour was made without any thought or concern to the residents in the area.
