

35658

What risk assessments were undertaken in respect of the temporary fencing erected on the East pavement of The Mound in Edinburgh?

For what intended purpose was the permit requested?

We searched for permits granted or applied for in that area and the only one we were able to locate was R/20/33866, submitted on 13/08/2020. It is related to the Scottish National Gallery Project and was approved for the following dates: 16/09/2020 - 18/02/2022.

All risk assessments in association with any third party works are carried out by the contractor carrying out the works or their subcontractors.
