

35694 Bonnington Quarry

Details of when council officials last visited Bonnington Quarry in the last five years to ensure those operating same are abiding to public health and safety, environment standards.

A Trading Standards Officer has visited Bonnington Mains Quarry, Cliftonhall Road, Newbridge on the following dates within the requested period;

12/09/2018 - To discuss Weights and Measures matters Site was still being fitted out with Weights and Measure equipment.

01/03/2019 - To discuss Weights and Measures matters – to confirm that the site was operational.

04/03/2019 - To carry out a test of the weighbridge against the provisions of the Non-Automatic Weighing Instrument Regulations 2016.

17/01/2020 - To carry out a test of the weighbridge against the provisions of the Non-Automatic Weighing Instrument Regulations 2016.

In terms of Planning Enforcement, the team has carried out three visits to the site in the last five years as follows:

08/03/2019 - Site visit in connection with enforcement investigation into 'Alleged unlawful erection of a boundary fence', enforcement reference 19/00101/EOPDEV

Late 2019 and 04/03/2020 - Site visits in connection with enforcement investigation into Non-compliance with Condition re. Dust Clouds, enforcement reference 19/00691/ECOND. The first visit was an unannounced visit relating to dust from the quarry, but as the site manager was not on site it was just a case of obtaining contact details. The second visit was a walk round tour and observation of a blast to see the impact of the blast and to note the dust resulting from it.

Information on these cases is available from the Council's Planning Portal at:

<https://citydev-portal.edinburgh.gov.uk/idoxpa-web/search.do?action=simple&searchType=Enforcement>

Enter the enforcement reference numbers in the Enforcements Search field.

There have been no visits made by the Environmental Health service in this period.

In addition, it may be useful to be aware that SEPA (Scottish Environment Protection Agency) and HSE (Health & Safety Executive) are likely to inspect / deal with this premises as well.
