#### Care Providers - supported living

How many care providers of Supported Living for adults with learning disabilities/mental health does the council have contracts with? If possible, please list these providers.

Accommodation classed as supported living:

A list of supported living accommodation providers (social landlords, voluntary providers, housing associations .etc) that the council has contracts with, or has individuals in placement with, that have a learning disability or mental health difficulty.

For your reference, the definition of 'exempt accommodation' includes: accommodation provided by a county council, housing association, registered charity or organisation where care, support or supervision is provided to the tenant/claimant. In this case, the FOI is particularly interested in 'supported living' services and accommodation which provides a care element, regardless of whether the care is provided by an external provider or someone associated with the landlord.
