

35815 Data on parking offences in Edinburgh.

The number of breaches of loading regulations recorded by year over the last 5 years.

The table below provides details on the number of PCNs issued for loading bay offences in each of the last five years (up to 11 February 2022).

Year	PCNs issued
2017-18	3,047
2018-19	2,819
2019-20	3,292
2020-21	2,508
2021-present	2,962

If available, are the reasons there was a penalty notice issued in relation to loading offences recorded? If yes over the last 5 years, how many offences per year resulted from loading that exceeded 30 minutes in duration and how many offences per year resulted from no loading being observed within the time limits that enforcement staff use.

Unfortunately, we do not hold the requested data regarding how many of these PCNs were issued due to vehicles exceeding the maximum permitted loading duration or no loading being observed.
