The target (if there is a target) number or percentage of ex-council homes your local authority intends to buy back over the next 5 years.

We do not set a figure or percentage of ex-council homes we look to buy but the Strategy seeks to purchase homes where full block consolidation could be achieved over 25 years.

How many ex-council homes your council has bought back over the last 5 years, broken down by business year, and whether (if there was a target) the target for this was met.

2017/18 – 19

2018/19 – 17

2019/20 – 38

2020/21 – 32

2021/22 – 35

As above, there is no such target held.
