Please can you tell me why the lane between Bonnington Rd Lane and Anderson place has been transferred from a public to a private road? It is no longer open the public and access is now controlled by The Biscuit Factory venue. Why is this?

Unfortunately, we are unable to provide you with the information requested as it is not held by the Council.

We have checked our electronic records relating to Stopping Up orders and we have no record of any order being made to Stopping Up any area of land on Bonnington Road Lane or Anderson Place.

The Road Asset Management team can provide information on the current state of adoption as shown on our GIS which shows the western part as privately maintained & the eastern section as publicly maintained. Plan attached. We do not have any information about it having been closed to public access.
