

35885

For the past 5 years I'd like to know how many complaints have been made about the quality of roads and pavements on Lanark Road and Lanark Road West.

We do not specifically log complaints about the quality of roads and pavements. We do however, log enquiries received under the general heading of Roads: Defective/Damaged. It should be noted that each enquiry does not necessarily mean the presence of a pothole or a defective pavement as following inspection many of these are found to be non-actionable issues or no defect found, similarly some can lead to multiple potholes.

For the last 5 years:

Lanark Road – 166 enquiries received

Lanark Road West – 250 enquiries received
