

36033

An up-to-date list of all assets currently owned by the Council (or please provide a link if publicly available).

Our asset register can be viewed at the following link:

<https://www.edinburgh.gov.uk/downloads/file/29392/asset-register-3-march-2021>

A list of all assets disposed by the Council since 2000 (or as early to this date as records you hold allow), including the date and reason of disposal (or please provide a link if publicly available). Also, please include details of who the asset was disposed to, such as a partner for future use or as a result of a Community Asset Transfer request, etc.

Please see the spreadsheet attached.

We hold records from 2012. Please note that where the purchaser is a private individual, the details have been removed. The sales which were a result of a Community Asset Transfer are marked. The reason for all sales are that the land/property is deemed surplus to requirements.
