36637 Incorrectly Parked Vehicle Reports

I would like the breakdown year on year, for the last 5 years for the following:

What percentage of 'incorrectly parked vehicles' reported either online or via Edinburgh Help on Twitter led to a quantifiable action being taken i.e. a ticket being issued or vehicle towed and impounded?

How many reported incidents were closed with no action being taken for each of the last 5 years?

This information is not held.

How many incorrectly parked vehicle reports were made each year for the last 5 years?

Please refer to the table below:

Year	Requests
2017	752
2018	1,022
2019	3,499
2020	4,984
2021	7,009
