## Adapting your home

An occupational therapist will assess you within your home environment to look at how we can improve your participation and wellbeing in daily tasks.

Our aim is to

- improve quality of life
- reduce risk
- increase your independence wherever possible

while supporting the family / carers by providing equipment and/or adaptations at home.

### How you can refer

You or someone you know can contact Social Care Direct

0131 200 2324

[socialcaresdirect@edinburgh.gov.uk](mailto:socialcaresdirect@edinburgh.gov.uk)

### After a home assessment

After the assessment, our team may

- offer advice and support, for example, giving you advice on safer moving and handling
- provide equipment like a bathing aid, supportive seating or a toilet frame
- arrange a minor adaptation, for example, fitting a handrail
- complete a major adaptation like bathroom alterations or fitting a ramp.
