

36857

Date the paved area at the entrance to Dalry Cemetery was laid.

We have no record of when the entrance to Dalry Road cemetery was laid. It is a setted carriageway and would have been constructed before we started recording this information on our GIS.

The dates roadworks were conducted on Dalry Road between 2017-2021 including positions of temporary bus stops and traffic lights.

We do not hold this information. Details of roadworks can be found on the Scottish Roadworks Register: <https://www.roadworksscotland.org>.
