

### 36864 Local Government Pension Scheme

Your published accounts show the Local Government Pension Scheme service cost for 2020 and 2021 (page 91).

For each year could you please let me know the pensionable salary and the percentage of pensionable salary these figures represent.

The pensionable pay for the year end 31 March 2021 was £3.406m (2020: £3.085m). Assuming that the figures being referenced are from note 11c of LPF's Audited Annual Report, this would represent 7.8% (2021) and 8.9% (2020) for the total group costs for the year.
