1. How many school incidents that resulted in police action were related to final day pranks, each year, between January 2017 and January 2022? Can I please have this information separated by school.

Unfortunately, we are unable to provide you with the information you have requested as the cost to the Council of locating, retrieving and providing you with the information exceeds the statutory maximum of £600.

We do not hold this information centrally. This might be recorded locally as a significant occurrence by each school. To provide this information, each school would need to check their records and the information then collated for a response.

Excluding Nursery schools, there are 122 schools which would need to check their records for this information. At an estimated 30 minutes per school, this task would take over 60 hours to complete.
