For the full calendar years between 2017 and 2021, please can you provide:

a) A list of all dog fouling incidents reported to your council and where they occurred in your council area

The number and location of each report recorded by our Street Enforcement team is included in the attached spreadsheet.

b) Whether those incidents resulted in an FPN being issued

Information withheld as this part of the request falls into the category of a “manifestly unreasonable” request under regulation 10(4)(b) of the Environmental Information (Scotland) Regulations and we are not obliged to respond.

c) How much the fine was in GBP for FPNs for each of those years

A Dog Fouling Fixed Penalty Notice has been £80 in each of these years.

The name of the external company you currently use for dog fouling enforcement or confirmation that it is an internal council matter.

This is an internal matter.

How much was spent in the calendar year 2020 - 2021 on the contract with the external company or on dog fouling enforcement internally.

The investigation and enforcement of dog fouling offences is incorporated into the wider Street Enforcement budget and it is not possible to provide separate costs for dog fouling enforcement.
