

36941 Commercial Planning Application Decisions

How many weeks does a commercial Planning Application decision take to process in this council (on average)?

We do not record whether an application is 'commercial'. Planning application categories are determined by national legislation and guidance. These categories, and decision times, are publicly available on the Scottish Government website at:

Select the annual publication for each relevant year, click the "Supporting documents" link on the top right of the page, then select the Excel file "Tables – by Planning Authority".
