

37143 Fleet Management

Please send answers to the following:

Fleet Management

What is the size of your fleet?

1,150 vehicles.

Does your authority operate a fleet management software product? If so, which provider?

Yes, Tranman.

What is the annual spend for this contract?

There is no separate spend for this contract as it forms part of the council's ICT contract with CGI.

When does the contract expire?

2028.

If you go through the tender process, which framework or platform do you use?

This is only decided at the point of the procurement process. If a framework is used it would be decided on best fit however, generally, we use CCS, Scottish Government and Scotland Excel.

Is your fleet maintenance conducted in house? Externally outsourced? Or both?

In-house.

Electric Vehicles

Is your authority planning on moving towards an alternative fuel fleet? Or have you already implemented an alternative fuel fleet and charging provider?

The City of Edinburgh Council is migrating towards an alternative fuelled fleet.

If you already have charging ports installed for fleet vehicles, how many are installed and what charging network (i.e., PodPoint, Engie) do you use?

There are currently 68 charge points on sites managed by Chargeplace Scotland.

What is planned next?

Charge points are planned to support the electric refuse fleet, planned for the end of 2022.

Telematics

Who is your current telematics supplier?

UK Telematics.

What is the annual spend for this contract?

£100,000 per annum.

When does the contract expire?

2025.
