

37145 Combustible Cladding

In relation to any council-owned property, please provide a list of council buildings where flammable or combustible cladding has been used in the construction of this building.

This would include any materials which were temporarily banned by the Scottish Government in 2018 in response to the Grenfell Tower tragedy.

In terms of Council new build housing, none have flammable or combustible cladding.

At the request of the Scottish Government, in 2020 the City of Edinburgh Council carried out an exercise to check for the presence of High Pressure Laminate (HPL) cladding at our operational buildings. The Council buildings we have identified with HPL cladding are listed below:

Liberton High School Gym

Pentland Primary School

Portobello High School
