

37163

In the Scottish Information Commissioners Decision 031/2022 dated 11 March 2022 it is stated

“The Council explained that the Archives unit had produced a list of Lauriston Castle records and that these files did not contain details of appointment of councillors to the Trust”

Please provide copies of all archive records held that have not already been provided.

A copy of the list referred to is attached.

Should you wish to view any of these records, this can be arranged with Edinburgh City Archives. Details of how to do this can be found at the following link:
