165

This information is taken from either a My Support assessment/review or the recorded eligibility in the latest completed 3C conversation.

In 2022 in your authority how many people have been assessed as having low or moderate needs?

66

This information is taken from either a My Support assessment/review or the recorded eligibility in the latest completed 3C conversation.

7. Does your authority fund care for people assessed as having low/moderate needs?

The current Eligibility Criteria Policy is to meet critical and substantial needs. We do however provide a range of services and supports to people as a preventative measure as well as signpost people to services within the community that may be of benefit to them and are available universally.
