

37383 Lanark Road Inspections

Please can you provide me via email with copies of all the Road inspection records for this site (Lanark Road) for the period September 2021 to May 2022.

Please refer to the following attached documents:

[37383 Site History Report - Lanark Road 7906108](#)

[37383 Site History Report - Lanark Road 7906109](#)

The reason there are two separate reports is that in 2015/16 Scottish Councils were asked by the RAUC's (Roads Authorities and Utilities Committee) Gazetteer group to split lengthy roads where they changed postal areas in order to improve streets information for the benefit of emergency services when trying to identify a specific location.

As a result, the information for Lanark Road is held in two parts. Record 7906108 covers the section from Slateford Road to Gillespie Road and record 7906109 covers the section from Gillespie Road to Lanark Road West.
