

37505

Request for information on whether there is a standard section on child protection/safety in the licence issued to attractions operating in your area which are open to the public.

The current conditions of licence for public entertainment can be found on the council's website

<https://www.edinburgh.gov.uk/directory-record/1099577/public-entertainment-licence>

Who/what department supervises and enforces the child protection element of the licence and how regularly that takes place.

Where there is a concern about Child protection the Council would expect that this is normally investigated by the appropriate team within Police Scotland. If there is substance to that concern the Council would expect the Police to raise any such concern under paragraph 11 or 12 of Schedule 1 of the Civic Government (Scotland) Act 1982.

Are the resultant child protection monitoring reports made public?

This information is not held. As advised above, Police Scotland would investigate these concerns and would hold the information.
