

37647 Summertime Streets Evaluation

On 5 December 2019, the Transport & Environment Committee approved the report on 'Summertime Streets Evaluation'

(<https://democracy.edinburgh.gov.uk/mgConvert2PDF.aspx?!D=11614>).

I request all subsequent documents and a copy of all written communications that make any reference to or that show the fulfilment of certain "key lessons learned" as follows:

4.7.7, i.e., the identification of solutions to problems caused by busking at the specified locations;

4.7.8, i.e., better communication with businesses and residents affected by the arrangements; and

4.7.9, i.e., communication with delivery companies and supermarkets regarding the impact on home deliveries.

There are no relevant records held as this work was put on hold due to the Covid-19 pandemic. There are no subsequent documents or written communications that make reference to, or show the fulfilment of, key lessons learned. These would have been produced, and key lessons fulfilled, during the planning stages of future Summertime Streets; there have not been any Summertime Streets projects.
