

37694 Councillors With Responsibility for Food Insecurity/Food Poverty

I'm requesting information held relating to councillor responsibilities. Specifically, I am keen to know whether the Council has a Senior Councillor with responsibility for tackling food insecurity or food poverty, or alternatively a councillor designated with responsibility for tackling food insecurity or food poverty.

The City of Edinburgh Council does not have a designated councillor with responsibility for tackling food insecurity or food poverty. Councillor Faccenda has been appointed as Chair of 'Edible Edinburgh'. One of the key issues covered by Edible Edinburgh is health and well-being, which includes food insecurity and poverty. Edible Edinburgh ties in with the Council's 'End Poverty in Edinburgh Action Plan', working with its partners in relation to food insecurity and poverty.
