37743

Please provide me with a complete and up-to-date list of all business (non-residential) property rates data for your local authority, and including the following fields:

- Billing Authority Property Reference Code (linking the property to the VOA database reference)
- Account Holder name (including sole traders, limited companies, partnerships and PLC's)
- Firm's Trading Name (if applicable)
- Full Property Address (Number, Street, Postal Code, Town)
- Occupied / Vacant
- Date of Occupation / Vacancy
- Actual annual rates (charged in Pounds)
- Details of any reliefs or discounts applied to the account
- Rateable Value

Part of the information you have requested is published on our website and is available at the following location: https://www.edinburgh.gov.uk/business-rates/non-domestic-rate-charges-201920?documentId=12512&categoryId=20020

Additional data fields other than what is already published will not be provided. This task would require an entire new version of the report to be produced and require manual redaction to remove the sole trader information.

We currently have 23,467 properties in Edinburgh so a new report would contain at least the same number of lines of data. At an estimated one minute per line this task would take an officer over 390 hours.
