Please provide all information about the laws governing the use of the GREEN LANES or BUS LANES with Edinburgh City boundary.

The use of Greenways and Bus Lanes are determined by Traffic Regulation Orders. Whilst there may be slight variations between different locations, such as the times of operation, the following general rules apply to all Greenways:

- Double red lines prohibit waiting and loading at all times.
- Single red lines prohibit waiting and loading during the operating hours of the Greenway (as shown on relevant signage).
- Greenway loading bays allow loading in accordance with the associated signage.

Further information on the operation of Bus Lanes can be found on the Councils website - <https://www.edinburgh.gov.uk/parking-tickets/bus-lane-notice/1>

Also, the Case numbers of any legal cases that have gone through or going through the Courts regarding the use of these.

Both parking enforcement and the enforcement of Bus Lane restrictions are decriminalised matters in Edinburgh, so no cases have been taken to Court.
