What will your sustainable rates be for 2 year olds and 3-5 year olds in Partner Provider nurseries from August 2022, and will the Meal Allowance be included within this figure or paid separately?

The current rate is £5.42. The meal payment is separate from this.

Please advise me of the amount of the Meal Allowance which nurseries will receive and also separately, the "Milk and Healthy Snack Scheme" rate to be paid to Partner Provider nurseries?

The current rate is £3.00 per meal. The Milk and Healthy Snack amount is £0.58.
