Please tell me how many children are currently considered missing from education in this local authority area.

If you do not hold this data, please tell me why you do not hold this data.

If you do not hold this data, please (if possible) give me an estimate of how many children are currently considered missing from education in this local authority area.

There are less than five children missing from education in Edinburgh. As we hold this information, we believe that questions 2 and 3 are not applicable for the City of Edinburgh Council.

Given the small number of pupils we cannot provide the precise number as this could lead to an individual being identified.
