

38809

Please could you supply details of all footbridges in your borough and whether they have lighting installed over the bridge deck areas as well as which bridges have a cage or cover over the central bridge deck area.

The footbridge can be over any feature such as Rail, Road or Water.

Please see attached completed spreadsheet with the records the City of Edinburgh Council holds on Council-owned footbridges. A '?' symbol indicates that a detail is unknown.

Our database does not contain a record of whether or not the footbridges are caged or covered, and to ascertain this information from other records would be manifestly unreasonable. However, staff in the Council's Structures team are unaware of any caged or covered footbridges.

Our database does not contain a record of whether or not the footbridges are lit, however we do hold records of the locations of all the streetlights in the city. This record set is also attached.
