How many Uber cars and drivers operate in the City of Edinburgh Council.

Unfortunately, we are unable to provide you with the information you have requested as the cost to the Council of locating, retrieving and providing you with the information exceeds the statutory maximum of £600.

UBER is one of many booking offices which licenced taxi and private hire drivers may use to find clients; drivers and vehicles are not licenced directly to UBER.

We do ask drivers which booking office and vehicle they use on their application form however this information is not transferred on to our computer system. Accordingly, we would need to review approx. 4,000 private hire and taxi driver licence applications forms to compile this information. This is estimated to take 5 mins per application and total over 333 hours.
