

38898

Were the recent Directors appointments at Transport for Edinburgh advertised? If so, where and for what duration?

The appointments are made at Council from nominations made by political groups This is a matter for the Council to agree and is a reserved matter for Full Council. Consequently, these posts were not advertised, as they are not subject to open recruitment.

The recent appointments followed the May 22 Local Elections and given the time it took to form the Administration and then agree appointments, they were made by the Council on 30 June 22.

What processes were followed for example the number of applicants and when interviews took place and how the interviewing pane was set up?

The Transport for Edinburgh Articles of Association and Operating Agreement require CEC to appoint 4 Elected Members as Non Executive Directors (NEDs).

Also, can you advise the total salaries paid to councillors who are directors in Transport for Edinburgh. Not specific individual packages an overall number.

There are no salaries paid for the Council appointed roles.
