

38913

Has the respite care service been fully restored to pre-pandemic? (i.e. the services and activities provided before lockdown have resumed in full)

No, however there are alternative services that have been developed to offer breaks from caring.

How many weeks of respite care Edinburgh Council have provided, and for how many clients, in the last three financial years (2020/21, 2021/22 and 2022/23), with a breakdown by activity? (e.g. day care centres, homecare from a paid carer, a short stay in a care home, respite holidays, sitting services)

We are unable to break this down by activity.

Respite in care homes for adults

	Number of Weeks in 2020/21	Number of Weeks in 2021/22	Number of Weeks in 2022/23
Total	822.86	531	57
Individuals	86	83	14

How many clients have applied for respite care and been rejected for respite care in the last three financial years (2020/21, 2021/22 and 2022/23)? Please provide reasons why clients can be rejected.

We do not record this information.

How many weeks of respite care have private providers delivered on behalf of your local authority in the last three financial years (2020/21, 2021/22 and 2022/23), with a breakdown by activity? (e.g. day care centres, homecare from a paid carer, a short stay in a care home, respite holidays, sitting services)

We are unable to break this down by activity

Number of times an external provider was used for respite care in care homes for adults

	2020/21	2021/22	2022/23
Total	96	127	17

How much has been spent by the Council to pay private providers for delivering respite care on behalf of your local authority in the last three financial years (2020/21, 2021/22 and 2022/23), with a breakdown by activity? (e.g. day care centres, homecare from a paid carer, a short stay in a care home, respite holidays, sitting services)

We are unable to provide a breakdown by activity
