

38960 Civil Defence

I would like details of how much money you have collected each year for Civil Defence over the last 10 years?

How such funds collected have been used?

There is no specific funding for Civil Defence for Scottish local authorities; The Civil Defence (Grant) Act 2002 applies to England and Wales only.

The majority of the Council's funding comes from the Scottish Government and whilst the need to spend on Civil Protection does form part of the overall calculation, in common with all elements of the formula for distributing Grant Aided Expenditure, it is not ring-fenced. You can find more information on how the Scottish Government calculates each local authority's share of funding on their website at:

<https://www.gov.scot/publications/funding-local-government-scotland-2022-23/pages/4/>

and more details on the Civil Protection element on their website at:

<https://www.gov.scot/publications/scottish-local-government-finance-green-book-2022-23/pages/78/>

The Civil Defence (Scotland) Regulations 2001 set out the arrangements for grants payable to police authorities - <https://www.legislation.gov.uk/ssi/2001/139/contents/made>
