

39002 Brunstane Road ETRO

A full breakdown of the volume and speed of individual vehicle movements along Coillesdene Avenue since 1 May 2022.

[Please refer to the attached data for the Coillesdene Avenue traffic surveys, undertaken in June 2022 and October 2022.](#)

The date when volume and speed measurement data will be collected at the western end of Coillesdene Avenue.

[The October survey \(Site 9\) includes traffic volume and speed monitoring at the western end of Coillesdene Avenue \(see attached\).](#)

The date when the Brunstane Road ETRO will be presented to the Transport Committee for final deliberation.

[It is anticipated that this matter will be discussed at either the December 2022 or January 2023 Committee.](#)
