Could you please provide me with the following information for each public park in your area between 1 June and 31 August in each year specified (2017, 2018, 2019, 2021 and 2022):

The number of days that any area of the park was not accessible to local residents because of an event that had an entry fee (please include the total duration including the set-up, event itself, and pack up).

How much was the council paid for these commercial events?
