

39038

With historical tenement stairs in Edinburgh being supplied with unmetered electricity.

Can you confirm how many stairs/communal passageways are unmetered?

There are 14,357 stairs that have an unmetered electricity supply for stair lighting.

How many units (flats/homes) in total are fall into the category of stair/communal passageway?

This information is not available. The data on unmetered supplies is held for stair addresses only.

How is the electrical supply for an unmetered stair financed? I.e. who pays for the utility supply?

The City of Edinburgh Council covers the cost for stair lighting where this is through an unmetered electrical supply. The funding source will be dependent on the tenure breakdown in individual stairs.
