

Individual Education Plan

Early Years

Photo of child

Why is this plan important?

Everyone who works with me whatever their job title, needs to have a shared understanding of what I need to learn next, and how best to help me.

When is an IEP needed?

An IEP is needed because I need consistent support to access the interactions, experiences and spaces in our setting, and I need targeted help.

Review date:

Key things everyone needs to know - strengths and things I like to do

It helps me when everyone starts with what I **can** do and takes a strength-based approach to supporting me.
