I relation to any and all of our systems.

I would like to know if Edinburgh council has any active projects within digital transformation and the migration away from outdated end of life systems. If there is no active project, could you please advise when you would be looking to exercise this project.

The active projects linked to End-of-Life systems are Social Care and HR and Payroll. Please see Appendix 7 in the below link which details the City of Edinburgh Strategic Programme of Work as published at February Governance Risk and Best Value Committee.
