

52333

Can you tell me the total cost of the new 11,000 bin sensors set to be installed in relation to glass recycling,

Unfortunately, we are unable to provide you with the information requested because it is not held by the Council.

Hardware and services for Smart Cities were provided as a fixed price proposal, by our outsourced ICT provider, CGI. It is not possible to provide a breakdown as requested as information is not held with that granularity.

Which country is responsible for the manufacture of the sensors?

The manufacturing of the bin sensors moved to Vietnam during the project.
