

55129 Building Repair Investigation

A request was made in 2020 as to the situation with a case of over pricing and invoicing for repairs that were never carried out, at that time I was refused information as it was an ongoing investigation and possible criminal case regarding repairs to City of Edinburgh Council Properties.

Please can I now have the result of the Investigation in to Stewart Preservation / P & M Sinclair the parent company.

The Council's contract was with Stewart Preservation Ltd. The investigation came to the view that there was evidence of potential overcharging.

Also, the amount that was recovered from Stewart Preservation / P & M Sinclair.

No sums were recovered from Stewart Preservation Ltd. Details of their relevant insolvency are publicly available at Companies House at:

<https://www.gov.uk/government/organisations/companies-house>

Can I also ask, who was the Chair of the Housing Committee at that time?

The Convenor of the relevant committee in 2019 and 2020 was Councillor Kate Campbell.
