A copy of the current policy, criteria, or internal guidance used to determine eligibility for education provision to children in hospital settings, with specific reference to school type (private vs state).

Please see <https://children.nhslothian.scot/the-rhcyp/little-france-school/> for current guidance.

Please note that this guidance is in the process of being reviewed.

The name and role of the person(s) or committee(s) who authorised or signed off on this policy, and the date it was approved.

We do not hold this information. This is not a policy but guidance.

Any legal advice or risk assessments undertaken relating to the exclusion of private school pupils from this public service.

We do not hold this information. Private school pupils are not excluded from this public service.

The number of children in the past 3 years who were:

- Hospitalised and received council-funded education support.
- Hospitalised and denied education support due to attending a private school (if recorded).

Hospitalised and received council-funded education support.

School Year	Number of pupils funded by Out of Authority Councils	Number of City of Edinburgh Council school pupils	Number of pupils in total from schools funded by their local authority
24/25 to date	27	43	70
23/24	57	41	98
22/23	50	22	72

Hospitalised and denied education support due to attending a private school (if recorded).
