B1 Priority parking area

Please advise how many individual requests you have received asking that the existing B1 Priority parking area be turned into a controlled parking zone since January 2020, and shown as number of requests by each year for the following periods:

January to December 2020

January to December 2021

January to December 2022

January to December 2023

January to December 2024

We do not hold information on specific requests being made for the B1 Priority Parking Area to become a Controlled Parking Zone (CPZ); however, the Council has proposed a CPZ in the area on the basis of parking pressures and concerns identified during on-street parking surveys and informal public consultation. Full details of the surveys and informal consultation outcomes are available at [Item 7.4 - Strategic Review of Parking - Results of Informal Consultation on Phases 3 and 4.pdf](#).

The formal consultation period for the proposed CPZ started on 6 June 2025 and ends on 4 July 2025. Consultation responses will be collated and reported to Committee for members to consider whether or how the proposal may proceed.

The Council's [website](#) provides further information regarding the proposal and the Strategic Review of Parking.
